a gift from the heart

The Christopher Lake Nature Area (CLNA) is inviting you to send a special gift to someone who has lost a loved one. Order a plaque remembering the loved one and it will be put on the benches in the Nature Area. A 4"x 6" plaque costs \$10 plus .15 cents a letter. A 4"x 3" plaque costs \$6 plus .15 cents a letter. The Friends of the Christopher Lake Nature Area will order the plaque to your specification and place it on the benches for you. A card could be sent recognizing your special gift.

A donation to the CLNA would help with the maintenance of the area.

The CLNA is a quiet peaceful place with benches along meandering trails.

For more information on the plaques or the Nature Area contact Jeannie at 306-961-1584

important - your input is required!

CPL Recreation Committee members and the Municipal Partners (Villages of Christopher Lake and Paddockwood, District of Lakeland, RM of Paddockwood) will be engaging in a four-year strategic planning update. This will enable CPL Recreation to continue to provide sport, culture and recreation programming to our communities. Members of all communities are being asked to provide input through a survey. The results of the survey will be used to provide the direction for future CPL Recreation programming and operations.

Scan the QR code to complete the survey on line, or pick up a hard copy at the District of Lakeland Office, Paddockwood Coop, Full Circle Gas, or Ambrose Grocery.

Trail Update

Park staff are working on clearing parking lots and trails this week. We hope to have Valley View and Anglin trails packed by Friday, November 19. An update will be provided prior to the weekend.

The trail grooming at Murray Point will be delayed for a few weeks, as staff and contractors are still working in the campground. Please avoid the area this week as there will be equipment and trucks moving through-out the campground.

Congratulations Candle Lake on your Environmental Action Award - Development of a Comprehensive Recycling Program

When Candle Lake Communities in Bloom began in 2007 as a newly formed Committee of the Resort Village of Candle Lake Council, it was recognized that immediate action was needed in the promotion of recycling and environmental action. Efforts by the group drove a cultural shift in the community as recycling and diversion from the local landfill was recognized as a priority. Volunteers facilitated collection of drink containers, paint cans, batteries, propane tanks and glass, and encouraged the Council to provide recycling options for other materials.

Communities in Bloom volunteers continue to manage the recycling of drink containers in the entire region with great success, while the Resort Village administration manages recycling of other materials. Collectively, this program has diverted tons of recyclable waste from the local landfill while also becoming a significant fundraiser for the CiB group and its many projects in the area.

SPORTS

With Boys Volleyball Coach, Mr. Bragg.

"I think we're getting better and better every practice and every game, and I feel like every time we go out there we're better than the last time, and I'm excited about it." The second question is there anything you can work on as a team? He responded with "Our last game we lost some points rallying with the other team, so we are going to work on pushing the ball to the back row when we don't get a hit." The third question was "How well do you think you will do in your next game? Mr Bragg said "Well, we play at Vickers and they're a big school, so I'm sure they will have a good team, but we're going to come on and play our best game yet, So we will be right there with them." Our fourth question is, What are your strengths as a team? And he had said, "Our strengths as a team are we are really improving at serving, and we some very good athletes on the team, so we are picking up things very quickly, like hitting and using 3 hits where we're improving" Our final question was, Do you think your team has a chance at winning the banner, Which he responded with "I think we do have a chance, and we'll be a tough team for anyone to beat 2 out of 3." After this interview the boys went on to lose against Vickers, But they were very close games, Then won against Westview and Queen Mary's again. Good luck in extravaganza boys! The girls are undefeated against all schools they've played, and also good luck to them in extravaganza.

HELLO!

Interview Time! Time to get to know some of the CLPS Staff.

Mrs. Baliski

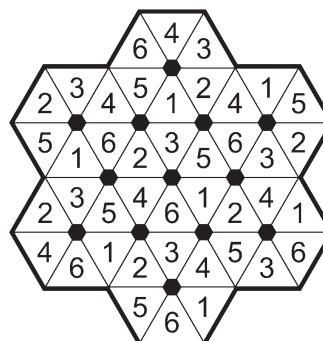

Mrs. Baliski said, "I have been working at CLPS since 2005...that's 16 years! It's a long time, but it has been fun and I've had the opportunity to work with so many wonderful students and staff!" Mrs. Baliski loves her flower beds, fishing and camping with her family. Mrs. Baliski has the hobby of gardening. Mrs. Baliski, you are one of our pillars here at CLPS, we thank you for all you do!

Mrs. Harkness

Mrs. Harkness thinks "It is exciting to come to school and work with such a great bunch of kids!" So we decided to ask her how long she has been teaching. "This is my 18th year of teaching. I started my teaching career in Mexico. I taught kindergarten and grade one there for 5 years. When I moved back to Canada, I had the unique opportunity to teach at a one-room school. I taught grades kindergarten - grade 8 all at the same time. "I have been teaching at CLPS for 10 years now and I love it!" We love that you are at CLPS!

solution

Mr. Bragg

Mr. Bragg has only been at Christopher Lake since September. He is the grade six-seven teacher and he also teaches gym class. Mr. Bragg is new so I asked him a question about volleyball cause that's something I know he likes. I asked Mr. Bragg if he tried out for a university volleyball team? "I didn't. The University of Calgary had 20,000 students when I was there so I didn't try out for the team. As an adult, I have played in several community leagues and also played some 2 on 2 beach volleyball as well. Beach volleyball and indoor volleyball are my two favorite sports." We are so glad you have a love and experience for volleyball. We thank you for your knowledge.

Mrs. Hazzard

We asked Mrs. Hazzard a few questions about her teaching career and her preferences about teaching. She has been teaching for 24 years and her absolute favorite subject to teach her students is ELA. She likes how many ways and fun things you can learn. She also prefers teaching elementary over high school. We are glad you are here at our school! Always nice to come home!

Mrs. Cook

Mrs. Cook said, "that the best thing about being a teacher is teaching what her students are most interested in." It can be ELA or even playtime or freetime. Any time can be really intriguing and rewarding. Mrs. Cook, you do a great job at getting your students engaged in learning!

simon says

Simon Bird, B.Ed., M.Ed. M.N.G.D, comes from the Peter Ballantyne Cree Nation and was raised in the community of Southend, Reindeer Lake: home to the Rock Cree. Simon hosts a language initiative that is aimed at making learning fun through social media. #CreeSimonSays has over 21,000 members and continues to steadily grow as more people use technology to connect, learn or simply laugh at posts that celebrate the social culture of the Cree language.

tānsi Cree Simon nisyikāson (Hi, Cree Simon is my name!)

The word **bison** in Cree is a dialect neutral word - meaning all three dialects in Saskatchewan say it the same way - paskwāwimostos or paskwaw mostos. The direct translation is 'bison of the plains.' If you see more than one, the word changes just a bit to paskwāwimostoswak.

Prince Albert National Park reintroduced paskwāwimostowak into the park. The sturgeon river heard is now roaming free in the area. To learn more, check out this website: <https://www.pc.gc.ca/en/pn-np/sk/princealbert/nature/bisons>
